Database and Storage: SQLite, SQFlite, Hive, Firebase
APIs and Tools: REST API Integration, Git, GitHub, Postman, Figma, Freezed

PROFESSIONAL EXPERIENCE

Flutter Developer | Screl Info Pvt. Ltd. | Kozhikode, Kerala | Nov 2024 – Present

- Develop and maintain cross-platform ERP applications using Flutter and Dart, covering Sales, Inventory, CRM and Finance modules.
- Built Isselo, a restaurant management ERP for Android, iOS and desktop, using Clean Architecture and Riverpod, with offline SQLite storage and automatic server synchronization.
- Developed SincA Reports, a Flutter application for administrators to monitor business reports and analytics from the SincA ERP ecosystem through REST API integration.
- Develop the web front end and WPF desktop application for SincA ERP using C#, .NET and XAML.
- Integrate REST APIs and collaborate with backend teams to implement and optimize API-driven features.
- Build reusable Flutter components and apply state management to improve maintainability and performance.

Flutter Developer Intern | Self Stack | Kozhikode, Kerala | Sept 2023 – Nov 2024

- Developed Flutter applications using Provider, GetX and BLoC state management.
- Implemented user interfaces from Figma designs and integrated them with backend REST APIs.
- Worked with HTML and CSS.
- Handled debugging, API integration and maintenance on real-world application features.
- Collaborated with team members to troubleshoot issues and deliver features within project requirements.

PROJECTS

Isselo (Screl Info Pvt. Ltd.) | Flutter, Dart, Riverpod, SQLite, Clean Architecture

- Restaurant management ERP with Sales, CRM, HR and accounting modules, built for Android, iOS and desktop.
- Implemented offline data storage with automatic server synchronization to improve data availability and reduce the risk of data loss.

SincA ERP (Screl Info Pvt. Ltd.) | C#, .NET, WPF, XAML

- Enterprise ERP covering Sales, Stock, Inventory, Finance, HRM, CRM and Procurement.
- Developed the web front end and WPF desktop application.

SincA Reports (Screl Info Pvt. Ltd.) | Flutter, Dart, REST APIs

- Monitoring application for administrators to visualize and track real-time business analytics and reports from the SincA ERP ecosystem.

Hidhayah App | Flutter, Dart

- Islamic application with prayer time calculation, Qibla direction using device sensors, and Arabic and English educational resources.

EDUCATION

B.Sc. in Computer Science | Providence Women's College, Kozhikode (University of Calicut) | 2020 – 2023 | CGPA: 7.6

ADDITIONAL INFORMATION

- **Core strengths:** Cross-platform development, ERP application development, API integration, offline-first data handling, UI implementation, debugging and application maintenance.
- **Availability:** Open to Flutter Developer and Mobile Application developer opportunities.
